## Fenestration Replacement Requirements

### **2013 CEC Requirements for Fenestration Alterations < 75 sf**

Implementation of the 2013 California Energy Efficiency Standards began on July 1, 2014. The CF1R-ALT-01-E must be submitted with your building permit application. This form is not required to be registered with a HERS Provider prior to the issuance of a building permit. A CF2R-ENV-01-E must be prepared and registered with a HERS Provider\* prior to calling for a Final inspection. All documentation must be completed and signed by the installing contractor, posted at the job site, and a copy must be given to the inspector at the Final inspection.

*Provide this certificate with your building permit application:*

#### **Certificate of Compliance**

CF1R-ALT-01-E      Certificate of Compliance

*Provide the following certificate at the Final inspection and post a complete copy at the jobsite:*

#### **Certificates of Installation**

CF2R-ENV-01-E      Certificate of Installation for Fenestration

---

The complete 2013 Residential Energy Efficiency Standards can be found on the California Energy Commission website: <http://www.energy.ca.gov/title24/2013standards/>.

---

\*There are three HERS Providers in California:

CalCerts    [www.CalCerts.com](http://www.CalCerts.com)

CHEERS    [www.CHEERS.org](http://www.CHEERS.org)

USERA    [www.usenergyraters.com](http://www.usenergyraters.com)

See the CEC “HERS Providers & Raters” page at:
